

Product Description

Floor Degreaser concentrate may be used in pennies-per-gallon dilutions to out-perform other cleaners. This can reduce labor costs significantly. Pleasantly scented and stainless, it leaves no oily film or residual gumminess. Safe to use on metals, electrical insulations, and most painted and plastic surfaces, it will pay for itself in its virtually unlimited applications by replacing many obsolete degreasers with one all-purpose concentrate. Advantages:

- Water Soluble
- Biodegradable
- Non-flammable
- Non-toxic
- Industrial Strength Cleaner/Degreaser
- Inhibits Corrosion and Rust
- Brightens Paint
- Safe to use on Exotic Metals
- 100% Fireproof
- USDA Approved*
- Neutralizer for Acid

Applications

*When used according to label directions, this product is approved for use in USDA Inspected Meat and Food Processing Facilities.

- Aircraft Surface Cleaner
- Car Wash
- Pulling Unit Wash
- Oil Spill Remover
- Tool Cleaner
- Thinning Viscosity in Sludge Pit
- Steam Cleaner
- Crude Oil Cleaner
- Pressure Wash Cleaner
- Rig Wash
- Floor & Wall Cleaner
- Down Hole viscosity Breaker & Reduces Pumping Pressure

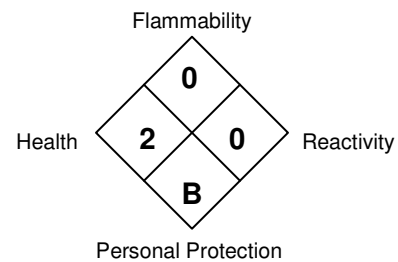

Packaging

Available in 1/2 gallon and 1 gallon.

Physical Properties

PROPERTY	VALUE
Boiling Range	212° F
Vapor Pressure	18mm Hg @ 70° F
Volatility	84
Solubility	Complete
Specific Gravity	1.06
Vapor Density	<1
pH	12.8 – 13.0
Evaporation Rate	1
Physical Description	Clear yellow/green liquid, Non-viscous/butyl odor
Shelf Life	1 year

HMIS Ratings

Application Instructions

General Cleaning: Use 20 parts of water to 1 part of Floor Degreaser. Proper dilution can be determined through actual practice and use of the product. Product can be applied with a spray gun or by rag or brush hand application. On heavy build-up, rag or brush will aid cleaning. Just hose off and let dry.

Steam Cleaning: Prepare solution in tank by using 1 gallon Floor Degreaser per 60 gallons of water. Actual use will determine final proper amount. Amounts of degreaser will vary with the job. This degreaser will completely remove all grease and oil anodizing the surface to retard rusting. Product will not corrode aluminum or aluminum alloys.

Safety

Consult material safety data sheet. Keep away from children. Keep product stored in original containers. Keep sealed when not in use.
