

## METABO 750 WATT ANGLE GRINDER W 7-115 QUICK AC/DC

- Machine is suitable for operation with 120-Volt direct current (protective low current); it complies with the safety standards as per BGR 117/ DIN VDE 0100-410 "Working in containers and narrow spaces"
- Sturdy, durable Metabo marathon motor
- Diecast aluminium gear unit housing: robust and resistant to wear
- Metabo S-automatic torque limiting clutch: to limit any sudden reverse torque that can occur if tools jam or get caught.
- Metabo "Quick": quick tool change without using a key - quick, comfortable and safe
- Adjustment of protective cover without tools enables adjustment to various applications in seconds
- Ergonomic shape for fatigue-proof rough grinding
- Metabo winding protection grid to protect the motor from abrasive effects
- Auto-stop carbon brushes to protect the motor

### COMPARATIVE TECHNICAL VALUES:

Grinding wheel Ø	115 mm
Torque	2,2 Nm
No-load speed	10.000 /min
Rated input power	750 W
Output power	460 W
Speed at rated load	6.500 /min
Spindle thread	M 14
Weight (without mains cable)	1,8 kg

### SCOPE OF DELIVERY

- protective cover
- inner support flange
- "quick" flange nut
- handle
