

5280 Self-Propelled Floor Scraper

The lightest of the self propelled group, the 5280 makes up in aggressiveness what it lacks in size • Not to be out done by its larger siblings, the 5280's oscillation head cuts through the most stubborn commercial material

This Self-Propelled Scraper will remove the worst of today's glued down floors, gummy commercial carpet, VCT, solid vinyl, radial rubber tile, sheet rubber, indoor and outdoor sport surfaces, roofing material, etc. Our exclusive random orbital action machine will clean residues from floors that other machines leave behind

Has many of the same features as the 6280 Industrial Panther® Self-Propelled Scraper, but the 5280 is more compact and lighter weight creating greater maneuverability

Features:

- Self-Propelled
- Variable speed
- Instant Forward
- Quiet, overload protected commercial motor
- Runs on 10 amps under load
- Easy to operate hand controlled lever
- Cleans floors better than any other machine its size
- Runs quietly, can be operated on any jobsite
- Durable, 1/4" thick plate stock outer housing
- Adjustable handle for tight areas
- Variety of blades sizes available
- Weight: 207 lbs.
- Made in the USA
- Patent No. 6,135,566 - 6,587,931 - 6,609,762 - 601 30 811
- Other patents pending
- One year warranty on parts and labor
